#### 2.1 SCOPE

The scope of the work is as per the following description:

S. No.	Description	Quantity	Rate to be Quoted (inclusive of GST and other applicable taxes)
1.	Supply, Installation, Testing and commissioning of Complete Cartridge assembly (Tushaco make) Pump Model T3ST 45/54 Capacity 210 lpm Pressure 25 kg/cm2Speed 2900 rpm Motor Recommended 20 HP/ 2910 rpm (inclusive of taxes and duties and transportation charges)	01 No.	

#### Note:-

During execution of job, any work/material, necessarily required for successful completion shall be deemed to be included in the scope of work and no payment on this account shall be paid by JKSPDC. The machinery and T&P are deemed to be included in the scope for successful completion of the job.

### 3.0 QUALIFICATION CRITERIA

#### 3.1. Technical Criteria

3.1.1 Experience of having successfully completed similar nature of works during last 7 years ending last day of month previous to the one in which applications are invited should be either of the following: -

a. Three similar completed jobs costing not less than the amount equal to 40% of the estimated cost

Or

b. Two similar completed jobs costing not less than the amount equal to 50% of the estimated cost .

Or

c. One similar completed jobs costing not less than the amount equal to 80% of the estimated cost.

Similar nature of work means supply and successful supply & installation of similar pumps (preferable), SITC of relevant Electro-mechanical/mechanical equipment in power houses or other industries. (relevancy to be decided by Bid Evaluation Committee).

The techno-commercial qualification of the bidders shall be decided by the Bid Opening Committee whose decision shall be binding on all participating bidders.

### **3.2 Financial Criteria**

Average annual financial turnover during the last 2 years, ending 31st March of the previous financial year, should be at least 30% of the estimated cost.

#### **4.0. HANDLING OF DEVIATIONS**

Offer must be complete in all respect and must contain confirmation/compliance to all Technical & Commercial points without any deviations i.e. ZERO DEVIATION OFFER, failing which the bids shall be liable for rejection. Pre-bid clarifications, if required may be sought from us immediately on floating of tender. The bidders should enclose NO DEVAITION CERTIFICATE along with the bid.

#### **5.0 Modification prior to date of Tender opening:**

The Executive Engineer Division USHP-II, Kangan JKSPDC may revise or amend the specifications and other conditions prior to the date notified for receiving the tenders. Such revision or amendments, if any, will be communicated to all prospective bidders as an addendum to this invitation for tenders through the media used for original NIT. In such case, if considered necessary, the date of receiving the tenders may also be extended at the discretion of the Executive Engineer.

#### **6.0. Validity:**

The tenders should be valid for a period of 180 days from the date of opening of the price bid.

#### **7.0. Taxes & Duties:**

The quoted rates shall be FIRM and FOR destination basis, inclusive of all taxes and duties, freight, insurance including GST etc. presently in vogue. The rates shall include costs attracted towards mandatory inspection/testing by JKSPDC.

#### **8.0. Price Variation:**

8.1 No price variation will be allowed. The quoted rates shall be valid for a period of six months from the date of opening of the price bid. The order placing authority shall have discretion to allocate the full or part of the advertised quantity/job to the qualifying bidder without assigning any reason. The authority also reserves the right to cancel the tenders at any stage. The order placing authority reserves the right to vary the quantities of items or groups of items to be ordered as specified in the accompanying technical specifications, as may be necessary during the execution of the contract.

8.2 No alterations, amendment, omission or variations of the works shall be made by the contractor except with the written orders of the order placing authority. With the alteration, if any variation in the works results in reduction/ increase in the contract price final rates shall be evolved as mutually agreed to by both the parties. In the event of the disagreement, the decision of the Managing Director JKSPDC shall prevail. However it shall be mandatory on part of firm so as to familiarize himself about scope of work and site conditions etc.

## **9.0 BID EVALUATION CRITERIA**

### **9.1 General**

- a. During bid evaluation, the Owner (JKSPDC) may request for clarification and the response shall be in writing and no change in substance of Bid is permitted.
- b. The Owner will examine the Bids to determine whether they are complete, whether any computational errors have been made, whether required sureties have been furnished, whether the documents have been properly signed, and whether the bids are generally in order.
- c. The Owner may waive any minor informality, non-conformity or irregularity in a Bid that does not constitute a material deviation, whether or not identified by the Bidder in 'Technical Deviations', and 'Commercial Deviations', to his Bid, and does not prejudice or affect the relative ranking of any Bidder, as a result of the technical and commercial evaluation.
- d. Prior to detailed evaluation, the Owner will determine each Bid is of acceptable quality, is generally complete. And is substantially responsive to the bidding documents. For purposes of this determination, a substantially responsive bid is one that conforms to all the terms, conditions and specifications of the bidding documents without material deviations, objections, conditionality or reservations. A material deviation, objection, conditionality or reservation is one (a) that affects in the scope, quality or performance of the contract; (b) that limits in any substantial way, inconsistent with the bidding documents, the Owner's rights or the successful Bidder's obligations under the Contract; or (c) whose rectification would unfairly affect the competitive position of other Bidders who are presenting substantially responsive bids.

### **9.2. Technical Evaluation**

- a. The Owner/ Owner's Engineer will carry out a detailed evaluation of the Bids which are substantially responsive in order to determine whether the technical aspects are in accordance with the requirements set forth in the bidding documents. In order to reach such a determination, the Owner will examine and compare all technical aspects of the Bids on the basis of the information supplied by the Bidders, taking in to account the following factors:
  - i. Overall completeness and compliance with the Technical Specifications
  - ii. Suitability of the equipment offered in relation to the environmental and climatic conditions prevailing at the site; and quality, function and operation of any process control concept included in the Bid. The bid that does not meet minimum acceptable standards of completeness, consistency and detail will be rejected for non-responsiveness.

The techno-commercial qualification of the bidders shall be decided by the Bid Opening Committee whose decision shall be binding on all participating bidders.

### **9.3. Commercial Evaluation**

- 9.3.1. Bidders who have not completely furnished the details as per BOQ are liable to be rejected.

9.3.2 Comparison shall be of the Total Lump sum final evaluation price which shall be inclusive of all installation and other services required under the contract, plus the taxes and duties viz., GST as applicable.

9.3.3 Unless specifically indicated, all prices shall be FIRM. No enhancement of rate for whatever cause unless and until asked by JKSPDC will be allowed.

**11.0. Contract and Agreement:**

It will be obligatory on part of the successful bidder to execute a legal agreement with the Work Contract Placing Authority within 7(seven) days of placement of formal contract order. Sufficient copies of the Contract Agreement and specifications shall be supplied by the successful bidder to the order placing authority, the cost thereof shall be deemed to have been included in the prices offered.

**11. Schedule of Works**

11.1. The Bidder is required to organize his services in a systematic manner to ensure smooth execution and completion of the job as per schedule.

11.2. English Language and Metric Units shall be used in all documents, drawings reports, correspondences etc.

11.3. Bidder shall prepare a detailed schedule for preparation and submission of drawings at the beginning of the contract which shall be approved by JKSPDC. The approval shall be used for engineering activities (if applicable).

**12.0 JOB EXECUTION:**

12.1 All measures required for safe construction including safety norms are to be taken and the schemes are to be approved by JKSPDC before commencement of works. Besides, all personnel employed on the job are to follow safety requirement of JKSPDC and State Regulations as applicable from time to time.

**13.0. Inspection**

Inspection call shall be given by the Executing agency to the Executive Engineer during execution of work and final inspection after successful completion of the job.

**14.0 Retention of scrap:**

All the scraps resulting from repair-work/ installation will be the property of the JKSPDC.

**15.0. COMPLETION PERIOD:**

The complete work shall be completed in all respects within **40 days** from the date of issue of work order. The Executing agency shall note that time of completion is the essence of contract & work must be completed within stipulated period. A penalty shall be imposed in this regard equivalent to the generation loss caused due to such nature of delay which does not fall under the ambit of force majeure.

**16.0. Time Extension**

16.1. In case, the delay is attributable to the contractor, timely extension can be granted with imposition of penalties as envisaged in relevant clause of bid document.

16.2. In case the delay is attributable to the owner, the time extension shall be granted without any financial compensation.

**17.0 LIQUIDATED DAMAGES FOR DELAY**

If the Contractor fails to complete the Work as specified in Clause 15.0 hereof, the owner shall, without prejudice to its other remedies under the Contract, deduct the amount from running bills and also from deposits of the contractor due or which may become due to the Contractor, as liquidated damages (which is a genuine pre-estimate agreed by the parties hereto of the loss or damage which the purchaser would have suffered on account of delay without giving any proof of the loss or damages) a sum equivalent to 0.5% of the Contract price per week of delay or part thereof subject to a maximum of 5% of the Contract price as decided by Executive Engineer. The payment or deduction of such damages shall not relieve the Contractor from his obligations to complete the works or from any of his obligations and liabilities under the Contract.

**18.0 DEFECTS LIABILITY PERIOD:**

- 18.1. The expression “ Defects Liability Period” shall mean a period of 18 months from the date of successful commissioning of the job confirmed by the Executive Engineer.
- 18.2. Where any part of the Works is taken over separately, the Defects Liability Period for that part shall commence on the date it was taken over.
- 18.3. If any defect appears or damage occurs during the defect liability period, the Assistant Executive Engineer shall forthwith notify the Contractor thereof. However, delay or failure of the AEE in notifying shall not relieve the Contractor from his liability for remedying the defects at his own cost.
- 18.4. Upon the receipt of such notice, the Contractor shall be responsible for making rectification to any defect in or damage to any part of the works which may appear or occur during the Defects liability Period and which arises from either;
  - a) any defective materials, workmanship or design, or
  - b) any act or omission of the Contractor during the Defects Liability Period.

The Contractor shall make good the defect or damage as soon as possible but not later than 20 days and at his own cost.

**19.0. PAYMENT:**

- a) 88% shall be made after successful completion of the job duly authenticated by the AEE concerned and issuance of taking over certificate issued by Executive Engineer.
- b) Balance 12% shall be released after completion of Defect Liability Period to be reckoned from the date of successful completion of the job as confirmed/verified by concerned AEE.
- c) In case the installation and commissioning part is not required to be undertaken due to any reasons, the payment would be made only for the supply part as follows:
  - i) 90% of the rate quoted against supply part by the successful bidder only after the quality of the material is certified by concerned AEE. Rest 10% after successful completion of defect liability period.
  - ii) In case of installation needed within 6 months from the issuance of LOA, same would be conveyed to the successful bidder and payment made as per the rate quoted for installation part in the BOQ.

**20.0 Standard of Work.**

The complete work to be carried out by successful bidder shall be carried in line with standard norms which shall be certified by the AEE concerned. The material supplied should be of

standard make and free from any defects. The quality of the material should be in line with the relevant ISO standards and shall be confirmed/verified by the concerned AEE who shall have the authority to reject the material if not found upto the desired standard.

**21.0 Force Majeure:**

The contractor shall not be liable for any liquidated damages for delay or any failure to perform the contract arising out of force majeure conditions beyond his control including acts of God or the enemy of the Government viz. fires, floods, epidemic, quarantine related strikes, freight embargoes and defaults of such contracts due to any such cause, provided that the supplier shall within ten days from the beginning of such delay notify to the department in writing the cause of delay along with convincing substantial evidence. The department once convinced shall extend the supply completion period by a suitable/reasonable duration.

**22.0. Arbitration:**

In case the disputes are not resolved mutually, the matter shall be referred for arbitration. The arbitrator shall be appointed by Managing Director JKSPDC whose decision shall be final binding on both parties

"The arbitral tribunal shall not have any right/jurisdiction to award any interest on claim which is determined by it in the arbitration proceedings conducted by the tribunal"

**23.0. Safety & Insurance of Contractors Employees:**

The Risks of loss of or damage to physical property and of death and personal injury, which arise in consequence of the performance of the Contract, shall be responsibility of the contractor, duly covered by the risk insurance. The JKPDC shall in no way be responsible for any accident nor compensate in any case.

**24.0. General:**

- (a) The price of tender documents shall not be refunded under any circumstances whatsoever.
- (b) The bidder shall be deemed to have carefully examined various stipulations in this SBD and also to have fully informed himself with all conditions local and otherwise affecting the execution of the contract. Failure to do so shall be at his risk and cost.
- (c) Ambiguity in rates, if any shall be interpreted in favor of the Department.
- (d) All other terms and condition as laid down in PWD Form 25 shall form part of this tender document.
- (e) The tender document shall be returned to the department along with the technical bid with a certificate that all the conditions in the document acceptable to the bidder. A 'No deviation certificate' appended with this document shall be duly signed and stamped by the bidder. Deviations, if any, from technical and/or commercial conditions laid down in this document must explicitly be mentioned with the offer.

**25.0 Geo-tagging & photographs:**

The bills should be submitted with the pre, during and post work photographs and the co-ordinates of the site where the work is carried out. The payment shall not be released without submitting these.
